

NOTES

When ordering please state whether Gates are to be hung to BRICK or STONE PILLARS or to WOODEN POSTS.

The height of Gates stated in this catalogue does not include the top decorative scroll which is 4" unless otherwise stated.

Prices of Gates herein include delivery within the U.K. together with Hanging and Latching Fittings and, for Double Gates, a Stop-plate and Drop-bolt. Holdback Catches are also supplied with Double Gates unless otherwise stated.

The "opening" sizes mentioned in this catalogue represent the distance between the pliers or posts. Single and Double Gates are made to suit these sizes and are 4" and 5" less in width respectively to allow for hanging, latching and clearance. Adjustments of $\frac{1}{2}$ " either way can be made where Gates are fitted to Stone or Brick.

We reserve the right to add to or otherwise modify the pattern (necessary with some alternative sizes) but the basic designs remain as illustrated.

When specific designs are required for Gates to suit openings other than standard widths, quotations which perhaps entail some modification to the standard design, can be given upon application. Return of goods specially made to suit specific requirements, however, cannot be accepted for credit although strict observance to given measurements is observed.

With the exception of the light patterns Mercury, Norwich, Newbur Leicester and Lynton which consist of 1" x $\frac{3}{4}$ " main frames, Gates in this Catalogue are framed in nothing less than 1" x $\frac{1}{2}$ ". We reserve the right, however, to vary this should difficulty in acquisition arise.

All Gates, etc., are coated with primer before despatch and should be painted immediately upon hanging. Galvanizing or other rust protection can be effected at an extra charge.

Damage in transit should be reported to the Carrier at time of delivery and confirmed to us by letter within seven days of advice of despatch. Non-delivery should also be reported within 7 days of our advice of despatch.

Railings and Panels can be supplied to harmonise with all standard Gate designs.

Any Purchase Tax figures mentioned herein are subject to alteration without notice.

ORNAMENTAL GRILLES

- Grilles are drilled for rebate fixing unless otherwise stated on your order, but if they are required to be hinged for opening, the extra charge will be 30/- per Grille, including provision for fastening.
- If hinging is required, the hanging side, assuming the Grille is to open towards you, should be stated.
- Variation in stated sizes does, in some cases, entail extension of the illustrated design or additional framing, but the principal motif is maintained.
- The stated sizes of Grilles mentioned in this Catalogue are actual, but a quotation can be given upon receipt of the size of the opening for which any specific pattern is required.
